

A man with curly hair is the central figure, wearing a light blue suit jacket over a white t-shirt and light blue trousers. He is captured in a dynamic, mid-air pose with his arms outstretched. The background is a vibrant blue, with large, flowing white fabric elements that create a sense of movement and depth. The overall aesthetic is clean, modern, and fresh, reflecting the 'Spring Summer 2024' theme.

# SPRING SUMMER 2024

## trionfo di colori

Yes. Colour is essential to a modern man's wardrobe. The light beige tones of a sandy beach, the bright blue of a sunny sky, the aesthetic sophistication of the colour rose and harmonious sage. These colors in our collection combine the aspects of lightness, naturalness, aesthetic and calm into a complete concept. Skilfully combined to offer the opportunity to express distinguished style. Exciting and innovative!

## dynamic

What is more dynamic than an American Football game? Inspired by this extremely powerful sport, we integrate an aspect of performance. High Stretch fabrics for a comfortable and easy freedom of movement wherever you go. Not only for watching a football game, but for a New Work attitude!

## high performance

What looks more elegant than a well-tailored suit? This comes with a fresh, light coloured, check pattern. The lively mix of a light wool blend with super stretch ensures maximum comfort. For a relaxed self-confidence in our new summery look.

A large, soft, white cloud is centered in the lower half of the frame, set against a clear, gradient blue sky that transitions from a lighter blue at the bottom to a deeper blue at the top. The cloud has a gentle, billowing texture with some darker shadows on its right side.

# leisure

Even more comfort?! Our lightweight jersey Sneakersuits offer full freedom of movement. Powerful, masculine styles, the greatest possible comfort, refined performance and, at the same time, a smart look for a playfully light yet perfect style between home, office and special occasions.

## relaxed optimism

Light summery styles such as fine knitted tops, relaxing shorts and light blousons in technical material comply with the look adding a sporty accent. Yes. We're into great designs and details. And understated yet stunning looks.

## noble dressed

Dedicated for the special occasion in life, this capsule comes with the extra elegant twist. Sharp dressed yet comfortable and with a pinch of nonchalance! A suit made from lightweight wool and linen stretch with a double-breasted waistcoat? Or even more striped options? Create your own outfit for one of the best days in your life. And don't forget the matching accessories!
